BOURBON & RYE Double Cask

Double cask whiskeys will be aged in their original barrels, then transferred to another barrel that previously been used for aging wine or other spirits such as rum. This can also apply to a whiskey that is transferred to another new charred oak barrel to change the flavor profile

AMERICAN Whiskey

Made from fermented grain mash – malted barley, rye, wheat and corn – American whiskey is typically aged in white oak casks, which gives it a distinctive brown color and taste. This differs from both Irish whiskey and Scotch whisky (note the different spelling), which are made mostly from barley
